MARBELLA RESIDENTIAL COMPLEX, DUBAI

The off-plan residential complex, Marbella, is a collection of Mediterranean-style townhouses that are set to become part of the well-known DAMAC Lagoons resort complex in Dubailand.

The new village is inspired by the surroundings of sunny Andalusia, in Spain. Numerous flowering plants will decorate the streets of the complex. Fashion boutiques and fountains will be featured, as well as a large park with olive trees and birds, which will be an ideal place for weddings and other special events. Flamenco dance performances will be held in the public gardens with picturesque deciduous trees and flowering European plants.

The central element of the new village will be the Plaza de Los Naranjos square, which will have a town hall, fine gourmet restaurants, shopping malls and green areas with orange trees. Another advantage of the Marbella residential complex in Dubai will be the Costa del Sol Women's Centre. It will have the following amenities:

- a gym;
- a SPA centre;
- a beauty salon;
- a meditation room.

The new residential complex is part of DAMAC Lagoons, and its residents will have access to numerous elite amenities, including:

- educational children's centres;
